

MARJORIE JAYNE RAMIREZ

Davao City, Davao Del Sur • mjramirez44464@gmail.com • 09391780053

Objectives

Aspiring Computer Engineer with practical experience applying technical skills to real-world projects. Detail-oriented and eager to apply engineering knowledge to solve real-world problems while continuously learning and building technical expertise.

Education

STI College Davao – Bachelor of Science in Computer Engineering (Undergraduate)

Don Manuel A. Javellana Memorial National High School – High School Diploma

Projects

Mobile App for Reverse Vending Machine (*Flutter, Firebase, IoT*)

- Developed app to modify rates for plastic/tin cans and monitor storage capacity

Reverse Vending Machine (*ESP32, Sensors, Firebase*)

- Built IoT-enabled machine converting recyclables into coins with auto-denomination.

Payroll Application (*Java, NetBeans, MySql*) -

- Created desktop app for employee data management and salary computation.

Robotic Arm (4DOF) (*Arduino, Servos*) -

- Programmed robotic arm for precise movement and control.

Automatic Trash Can (*Arduino, Sensors, Servo*)

- Designed touchless bin using sensors, servo, and relay automation.

Technical Skills

Programming: Java, Flutter, Firebase, Arduino (C/C++), ESP32

Drafting & Design: AutoCAD 2D/3D, Manual Drafting

Tools: NetBeans, MySQL, Firebase Firestore, VS Code, GitHub

Electronics: Sensors, Relays, Servo Motors, IoT Systems, Computer Systems Servicing
